

Backers Room

"To all of Amplify Protocol's loyal followers and potential investors,

Thank you for taking the time to visit our investors' room. Our team is delighted to have this opportunity to share our vision of Amplify Protocol with you.

Before you begin perusing our documents, allow us to share a small part of what Amplify Protocol means to us, and what we anticipate it will mean for you as well. We chose the name 'Amplify', because it means to magnify and expand. These connotations of growth are precisely what we want to achieve, on every front and for every single one of our stakeholders.

- *We want to amplify Borrowers' opportunities and help them to grow their business.*
- *We strive to amplify the growth of crypto assets for Amplify Protocol's Lenders and investors'.*

We invite you to join us on our journey of growing Amplify Protocol into a valuable keystone of an imminent and sustainable digital economy.

From all of us at Amplify' – Eugene Tan, CEO
